Rev. Robert M. Rice To Inaugurate Celebration With Historical Sermon Next Sunday — Reception And Open House On Following Saturday — Re-Dedication Of Church On January 19

Plans for the celebration of the first one hundred years of the First Universalist Church to take place on January 18 and 19 were completed at a final meeting of the Centennial Committee Tuesday night at the home of Mrs. Mary N. Winn, 55 Academy street.

Next Sunday Rev. Robert M. Rice will inaugurate the celebration with a historical sermon "One Hundred Years of Faith and Work."

Beginning at 3 p. m. Saturday, January 18 there will be a reception and open house in the parish hall. Many former members of the church will return to renew friendships and look over the collection of historical items relating to the activities of the church since its founding in 1840.

A banquet in the vestry that evening will necessarily be limited to 150 persons including

special guests. An orchestra and special decorations, the presence of former pastors and an address by Dr. William Wallace Rose, pastor of the First Universalist Church in Lynn, will make this a memorable occasion.

It was on January 20, 1841 that the Universalists gathered for the dedication of a plain meeting-house, costing \$7,000. On Sunday, January 19 it will be re-dedicated. One feature of the service will be the singing of a hymn written for the dedication a century ago by Mrs. Josiah Waldo, the wife of the first pastor. Dr. Robert Cummings, general superintendent of the Universalist Church and a member of this Society will preach the occasional sermon.

Reservations for the banquet, the booklet history, and overnight accommodations are in

An enthusiastic audience thoroughly enjoyed the guest night program of the Arlington Garden club in Junior High East Wednesday evening.

Mrs. LeRoy G. Shaw, president, welcomed those present and introduced Mrs. Sisson who had charge of the program. Miss Marie Barry entertained with three piano selections after which Max K. Gilstrap presented a most colorful and interesting talk on Yosemite and the Grand Canyon. His whistling of bird calls and description of wild life were warmly received. Magnificent movies of the northern rim of the Grand Canyon were outstanding. Mr. Gilstrap was accompanied by Mrs. Gilstrap at the piano, and following his illustrated talk, he answered many questions.

Refreshments were served during the social hour.

and was three times decorated by the late King George V. for gallantry and self-sacrificed actions when he fearlessly stood by wounded and dying soldiers and comforted them with the Word of Life.

He has occupied the leading pulpits in Great Britain, particularly in London, England. He has preached before royalty, and is in constant demand as a Biblical teacher in such conventions as the American and Canadian Keswicks, the Montrose Ministerial Institute and the Moody Bible Institute.

Other Engagements
He will in addition to his revival schedule with the Arlington Heights Baptist Church, speak in the following churches and service organizations:

Friday, Jan. 10, First Baptist Church, Arlington; Saturday, Jan. 11, Youth Rally, Arlington Heights Baptist Church; Wednesday, Jan. 15, Rotary Club at Middlesex Sportsman's clubhouse; Thursday, Jan. 16, Kiwanis Club in Wyman's Restaurant.

The distinguished soldier-chaplain will speak at both afternoon and evening services during his revival campaign at the Heights Baptist Church, and the public is cordially invited.

The Winner!

It's a boy at the home of Mr. and Mrs. Stanley Lamont Shields, of 32 Fordham street—and the new arrival, born at 4:15 p. m. on January 1 holds the distinction of being the first baby born in Arlington in the year 1941.

The baby weighed 7 pounds, 8 ounces and was born at the Symmes hospital. It has been named William. The proud mother is the former Miss Virginia O'Connor of Lexington. This is Mr. and Mrs. Shields' first child.

Congratulations, Mr. and Mrs. Shields and Baby Shields. As Arlington's first 1941 baby, the newcomer will receive the following gifts from these firms: A pair of baby shoes from Alsons; one-half case of oranges from Frost Farms; a monogrammed sterling silver baby spoon from John H. Derby, Jeweler, Inc.; a baby blanket from Mary T. Bunker's Dry Goods store; a baby swing from the Baby Carriage Manufacturers' agent; a baskinette from the Children's Fashion Shop; a spoon and fork set from the Beacon Jewelry company; and a bottle of baby oil as well as a 12-can Heinz baby set from the Brattle Drug company. These awards to the first baby were announced in last week's NEWS along with the contest rules.

As far as we were able to ascertain before going to press, the closest competitor for the honor of being the first arrival in Arlington this year is Baby Robert R. Murray, Jr., son of Mr. and Mrs. Robert R. Murray, of 66 Dow avenue, who was born at the Walnut Street hospital on January 5. This baby was the first to be born at the Walnut Street hospital in 1941.

Another New Year's Baby is a daughter born to Mr. and Mrs. Charles L. Cronin, of 78 Web-cow road. She was born in the Cambridge Hospital on the afternoon of New Year's Day.

CROSBY P. T. A. TO MEET
The Crosby School Parent-Teacher Association will hold its first meeting of the New Year Tuesday evening.

Fire Follows Crash In Which 2 Are Hurt

Paul G. Tintle, 50, and Edith Tintle, 21, of Billerica were removed to the Symmes hospital in the police ambulance Tuesday forenoon to be treated for injuries received when the car in which they were riding collided with a truck on Lowell street. The auto, which was being operated by John W. Dolan, of Billerica, caught fire and the blaze was extinguished by Engine 2 company. The car had to be towed to a garage.

Firemen Battle Two Minor Fires

Firemen were called out over the week-end to battle two minor fires. Early Sunday afternoon, Engine 3 and Ladder 2 companies were called out for a chimney fire at the home of Walter Robinson, 15 Cliff street. The previous afternoon, an alarm was sounded from Box 55 for a fire in the third floor apartment at 7 Laurel street. The apartment is occupied by Bartholomew Flynn and family. Damage was slight.

INJURED BY AUTO

Peter Johnson, 14, of 22 Reed street suffered laceration of the lip and chin when struck by an auto Wednesday afternoon. The accident happened on Lowell street. The boy was treated by Dr. Sidney Simons.

Fire which broke out late Friday night did considerable damage to two shacks on Sylvia street. An alarm from Box 862 sent firemen to the scene.

A Step In The Right Direction

"Be not overcome of evil, but overcome evil with good."—Romans 12:19.

Announcement that the British authorities have agreed to relax the blockade and allow the American Red Cross to send condensed milk to unoccupied France and wheat to Spain will be hailed as a victory by those who have supported former President Hoover's humanitarian plea for relief to innocent men, women and children now facing starvation in war-torn Europe.

This is a step in the right direction and the NEWS which has favored sending surplus food to war sufferers is pleased to hear that the first relief ship will sail late this month. The British government having agreed to a personal request from the President to allow certain foods and clothing to pass through the blockade. The American Red Cross will handle the distribution.

Mr. Hoover yesterday expressed hope that food relief for Europe would be extended to Norway, Holland, Belgium and Poland. The NEWS in its editorial columns has backed this humanitarian ideal.

In a letter written on October 5, J. Harrison Heckman, assistant manager of the American Red Cross, stated in part:

"We are centering the great part of our foreign relief efforts upon helping Great Britain. We have met every request the British Red Cross has made upon us and we expect to do so. The American Red Cross will not ask the Government of Great Britain to make an exception for it in its blockade of Continental Europe. We have made no effort to send supplies to Norway, Holland, Belgium, Luxembourg

since their occupation by the Germans." The NEWS was asked to publish this letter on November 22.

Feeling that the above attitude was directly opposite to the views of such men as former President Hoover, Cardinal O'Connell and other great leaders, the publisher of the NEWS wrote the Boston Chapter of the Red Cross, on December 12, in part as follows:

"I am entirely out of sympathy with your aims and ideals, as they relate to feeding women and children in countries occupied by the Germans.

"Since when has it been a crime to feed starving women and children, to say nothing of wounded soldiers and citizens, regardless of race, creed or color?"

"It is about time we got rid of some of this nationalistic idealism and practiced some real Christianity."

"Now that Great Britain has permitted us that she will not permit Mr. Hoover or anyone else to bring food into these countries, there seems to be little that you or anyone else can do for the present."

On January 4, William E. Chamberlain, executive director of the Boston office acknowledged the above and submitted the report of Norman H. Davis to the American National Red Cross of Incorporators, made at the annual meeting in Washington on December 11. In this report the following principles of the Red Cross are set forth:

"First, we shall adhere to the traditional policy of the Red Cross to render impartially such aid to the victims of war as is possible and practicable without regard to race, color or creed."

"We shall recognize our trusteeship to the American people who so generously contributed to the war relief fund."

"We will undertake relief operations only where we can make independent investigation as to the needs and have adequate freedom of communication, transportation and supervision, with sufficient inspection and control by our own personnel to assure that the supplies will go only to those for whom they are intended."

Adherence to these principles, plus the cooperation of the United States and European countries affected, should save these innocent victims of the war in Europe from frightful starvation at this time. We fervently hope that the distribution of our surplus foods will be extended through more countries of Europe before long.

CHURCHES OF CHRIST SCIENTIST

"Sacrament" is the subject of the Lesson-Sermon, Sunday, January 12, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The Golden Text is: "The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Ghost, be with you all" (II Corinthians 13:14). Other Bible citations include: "Purge out therefore the old leaven, that ye may be a new lump, as ye are unleavened. For even Christ our pass-

over is sacrificed for us: therefore let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (I Corinthians 5:7,8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We worship spiritually, only as we cease to worship materially. Spiritual devoutness is the soul of Christianity. Worshipping through the medium of matter is paganism. Judaic and other rituals are but types and shadows of true worship. The true worshippers shall worship the Father in spirit and in truth" (p.140).

Mrs. Russell Will Mark 95th Birthday

Mrs. Louisa S. Russell, of 26 Higgins street, will celebrate her 95th birthday next Sunday. In honor of the occasion, there will be open house from 3 to 6 p. m. for her relatives, friends and neighbors. A similar reception on her 90th birthday was largely attended.

Mrs. Russell is very active despite her age. She reads without glasses and takes keen interest in current events. She is a member of the First Baptist church. She makes her home with her daughter, Mrs. Amy L. Bunker.

Many people equalize the preparation. They purchase insurance, prepare a will, select the final resting place and then consult "THE OPEN DOOR" funeral director for they can place the utmost confidence in that establishment. This, then, completes the normal arrangement.

LIONS CLUB MEETS

At the meeting of the Lions Club, Monday evening at The Old Mill, a short motion picture was exhibited which gave a good idea of the assistance rendered to the poor and needy families of Greater Boston by the Community Fund. The pictures included scenes from hospitals

showing ill and crippled children being taken care of, unemployed families, and aged people no longer able to work who are given aid.

The picture was supplemented by a talk by John P. Morine.

Chamber of Commerce
Has Lively Meeting

Wyman's English tavern was filled to capacity on Tuesday evening when the Arlington Chamber of Commerce launched its 1941 program with the liveliest and most interesting meeting on record. The program was in charge of Mrs. Mary T. Bunker, newly-elected director of the group.

Earl A. Ryder presided and after the usual dinner, he introduced several of the guests, including Major Sarkis Zartarian and Major Phillips of the coast artillery unit stationed on Deer Island; Mr. and Mrs. Fred Douglas and Mr. and Mrs. Harry Baseman, who were warmly applauded on the occasion of their 13th wedding anniversary.

During the business meeting, Miss Anna B. Callahan gave the secretary and treasurer's reports and presented the names of David Gould, of 24 Pond lane and Granville R. Rausch, of 468 Massachusetts avenue as new members. Nils Anderson reported that the Christmas lighting program had proved most satisfactory while Malcolm Griffin reported for the business committee.

Following the showing of a sound picture describing the work of agencies associated in the Greater Boston Community Fund, Mrs. William A. Muller, Arlington chairman addressed the group briefly. She urged the Arlington's united support in the forthcoming drive for funds and asked that every member of the organization take part in the drive, at least as a contributor. She said, "I want you to realize that this is still Arlington's Community Chest; it has merely extended its horizon." Mrs. Muller cited the fact that the Greater Boston Community Fund is able to collect money at a cost of only six cents on each dollar as one of the advantages of being part of the Greater Boston group. She encouraged store contributions and urged those present not to allow Winchester "to beat us" in this drive.

Mrs. Bunker introduced the guest speaker, Professor Aram K. Zelvelian, former professor at Anatolia college in Turkey and a member of the Committee to Defend America by Aid to the Allies.

Facing New Era

In opening his remarks, Professor Zelvelian pointed out that the United States is facing a new era in which America might become the centre of a new

civilization, and its people are now passing through one of the most critical moments in the history of the nation.

He added, "We accomplished nothing in the last war because we failed after it was over to realize that we were part of that war." The speaker charged the United States did not do its full part in fostering peace among nations after the World War, although he explained that if any wrong was done in the Treaty of Versailles, this wrong could have been righted at a conference table.

"The present war is not one of territorial conquest," he added, "but rather, it springs out of a philosophy of those who contend themselves as supreme beings—who want to impose their philosophy upon the world. How can we ever accept totalitarianism? This is a war of ideology having a background of 75 years."

The speaker warned against the danger that this country might suffer France's fate in which a collapse of her philosophy and morals caused her defeat. He said, "We have guns and can build a vast military machine, but have we trained the men of this country in real spiritual patriotism? We are only on the way now of making a nation; we are not yet a united nation."

If England Falls

Professor Zelvelian next predicted that England's fall would mean that Germany's and Italy's navy, as well as that seized from France and England could come by way of Africa to Brazil and then attack the Panama Canal. The Japanese navy in the other hand could come by way of the Red Sea through the Mediterranean and Atlantic to join the Axis powers on our eastern seaboard. With the Panama Canal closed, our Pacific fleet would be forced to go around Cape Horn in order to assist the Atlantic Fleet, in the speaker's opinion.

The speaker also warned against totalitarian sentiment in South America and predicted that should England fall, several totalitarian states will spring up in South America.

If we are forced to compete with Hitler's barrier system of trade, we would never be able to undersell him and class strife would result, the speaker stated.

Speaking of Turkey's position, Professor Zelvelian said that the Germany will not survive as long as the Allies control Turkey. The destiny of the war is perhaps in the southern part of the Balkans. He predicted that Turkey will not back down but will resist Germany.

In conclusion, the speaker emphasized that no matter who

wins this war, the re-habilitation of Europe will be up to the United States. A lively question period followed the talk.

Before the meeting closed, Wathen B. Henderson suggested that Chairman Charles M. Sawyer of the committee in charge of preparing material for a publicity booklet on Arlington might make a report to the Chamber. Mr. Sawyer next outlined briefly what the committee had in mind and asked that a sum of money be appropriated to defray the cost of printing the booklets. After considerable discussion \$100 was voted. After asking whether the Chamber had paid all its obligations in connection with the 1939 Christmas Lighting program, and being informed that the outstanding balance on this item had been paid that very day, Laurence Bliss suggested that the Chamber should not undertake the publication of a publicity booklet on Arlington until it had taken care of all its other obligations, and furthermore that it should go into this publicity work carefully. "I think it is absurd to plan on spending but \$100 for such a publicity campaign. It should be three or four hundred dollars. If we are going to do anything let's do it right", Mr. Bliss stated.

New Officers Of
Kiwanis Installed

New officers of the Arlington Kiwanis club were installed at an impressive ladies' night in Wyman's tavern last Thursday evening. Special guests were Arlington youths who reported Monday in the conscription draft call for a year's military service in the United States army. Past President Albert W. Wunderly addressed the boys and presented each one with a personal kit.

Following dinner, the presiding officer introduced those at the head table, including International vice-president Jim Gallagher, Gov.-elect Bob Pryde, Past Governor Everett Ireland and Mrs. Ireland, Lieutenant-Governor Harold Glines and Mrs. Glines, Lieutenant-Governor-elect George Whoriskey and Mrs. Whoriskey.

The new officers were installed by Mr. Ireland after which the new president, Warren Guild addressed the gathering of Kiwanians and their ladies. Past Pres. Quinn and Henry Ottoson also spoke briefly, the latter on the ladies' auxiliary. An address by Dr. Tehlil Hish completed the program.

The officers installed were: Warren J. Guild, president; Harry E. Baker, immediate past president; Chester K. Wana-maker, first vice president; Dr. Curtis L. Foye, second vice president; Norman M. Walkinshaw, treasurer; Maurice L. Hatch, secretary; W. Dale Barker, Stuart Eldredge, Harold E. Hodgdon, Forrest E. Litchfield, John F. McCormack, Alfred J. Nickerson and A. Henry Ottoson, directors.

TIMELY LECTURE

A lecture of timely importance will be given by Dr. Frederick L. Good, one of Boston's foremost obstetricians at the Legion hall this evening at 8 o'clock. Speaking under the auspices of the Arlington Fortnightly club, Dr. Good will review past and proposed legislation on birth control. The public is welcome.

Fire Chief Daniel B. Tierney was re-appointed as forest warden by the board of selectmen at its meeting this week.

Changes in the auditorium were made in 1896 at the time of installing the organ given by Walter B. Farmer in memory of his father, Elbridge Farmer. The parish house was erected in 1925 and the following year the attractive chancel was built in the auditorium and dedicated to Eugene X. Waters whose substantial legacy made it possible. A history of the First Universalist Society from its early beginnings about 1822 until 1940 has been written by Robert F. Needham and will be brought out in booklet form for sale at the celebration.

83% Of Taxes Now Collected

At the close of the year a little more than 83% of the 1940 real estate taxes had been collected. Tax Collector J. Wilbert Anderson stated this week. This is a higher percentage of collections than has prevailed for some years and is some indication that conditions are generally better and property owners are more able to pay their taxes. There were also fewer tax takings made in 1940, according to Mr. Anderson.

Demands for unpaid 1940 real estate taxes are to be mailed out soon to property owners. By paying their taxes now, property owners will avoid a demand fee of 35 cents.
